

# REPUBLICAN JOHN MUNN FOR CONGRESS CA-04

Hello Folks,

It is no secret that Democrat policies are destroying our country, our businesses, our families, and most especially, our state. The cost of living is completely out of hand, the border crisis is totally out of control, and the federal budget is leading this country into a future that we cannot even imagine.

The situation is so dire, even Democrat voters are finally taking notice.

My plan is to oust the incumbent and restore sanity to our district, our state and our country. I need your help to accomplish this. Join me today!

John
